

Assembly Guide

MOUNTING POPPY & LOTUS BLOOMS ONTO STEMS

SUITABLE FOR INDOOR USE ONLY

ENSURE POWER PLUG IS DISCONNECTED FROM POWER SUPPLY.

Note: Two person assembly is recommended.

FIRST STEP:

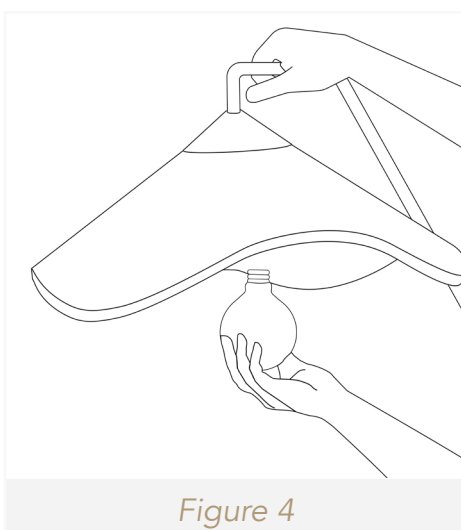

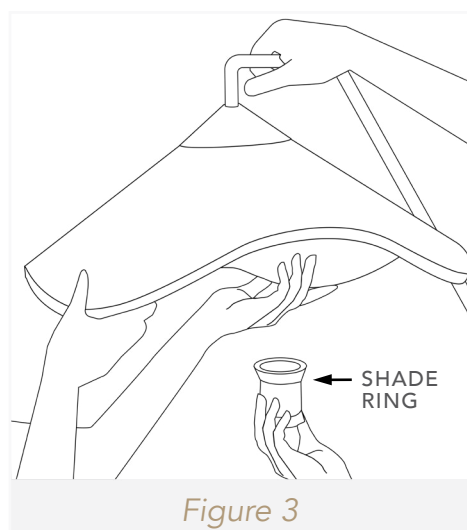

Assistance is recommended throughout assembly to hold the Stem firmly in place to ensure it does not disengage from the Base and Rod.

Figures 1.

SECOND STEP:

Lift the Lotus or Poppy Bloom into the Lampholder Assembly.

Figures 2.

THIRD STEP:

Screw the shade ring onto the Lampholder Assembly until the Bloom is held firmly in place.

Figures 3.

FOURTH STEP:

Screw the LED lamp into the Lampholder.

Recommended Lamp:
G.E. Lighting LED/E27/A60
Opal Glass.

Figure 4.

Caution: Grip and lift the Rod Assembly at the Base when moving the Floor or Table Mounted Blooms to prevent the Stem from disengaging from the Base. Alternatively, remove the Bloom from the Stem, then the Stem from the Base Assembly.
